The Lord of Vampire

The Darkrealm has lost its monarch and been in chaos. In these dark times, one soul has been resurrected from the bottom of oblivion. It's Jedah, one of the ancient Three Lords of Darkrealm. He created the closed battleground called "Damned Dimension" and summoned worthy spirits to declare:

**"All living and dead souls should merge with me!  
That is your only hope for ultimate salvation!"**

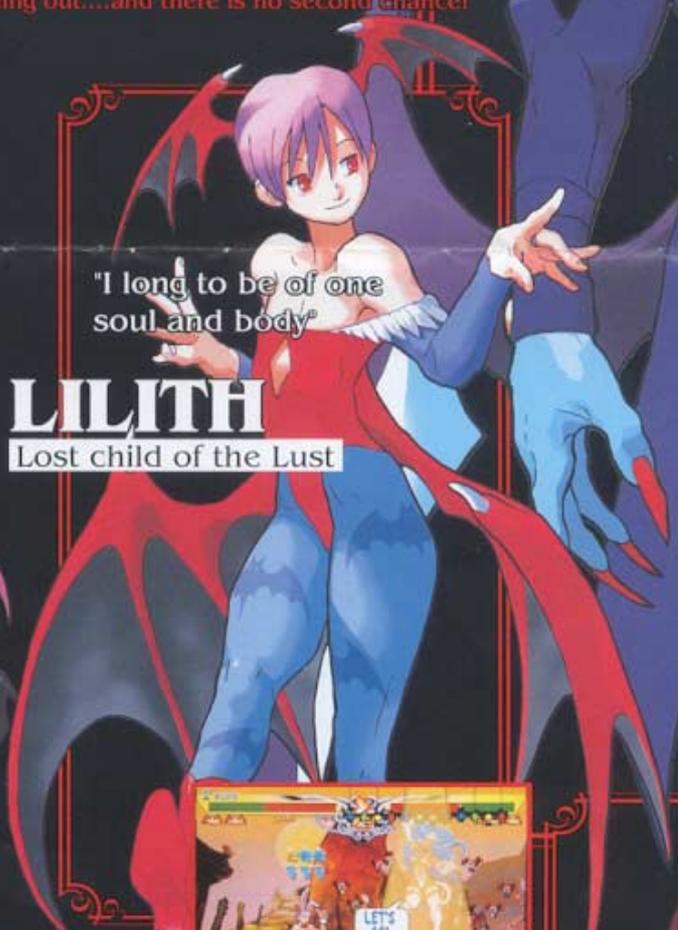

The gala of The Darkstalkers is held once again this time for their own survivals. Time is running out...and there is no second chance!
